

REMARKS

This Preliminary Amendment is being submitted in response to the recent Board of Appeal decisions in U.S. Patent applications 10/000,311; 09/771,938; and 09/772,520 and the applicability of the reasoning of those Board decisions to the claims and arguments in the present case. Applicants respectfully submit that this Preliminary Amendment will not unduly interfere with the preparation of the first Office Action.

The present application relates to inbred maize line PH5FW. Claims 1-10 are pending in the present application. Claims 7 and 9 have been amended. Applicants acknowledge the addition of claims 11 through 34. The new claims do not add new matter as there is support for the claims in the originally filed specification. In addition, Applicants have amended the specification to clarify the deposit language. Applicants have also amended the specification on page 59, to remove the hyperlink and instead just recite the Internet address as in accordance with MPEP §608.01. No new matter has been added. Entry of this Preliminary Amendment and approval of the changes is respectfully requested.

In conclusion, Applicants submit in light of the above amendments and remarks, the claims as amended are in a condition for allowance, and reconsideration is respectfully requested.
